Sir

As the present maintenance charges of the Bulk Water works are expected to be reduced to an appreciable extent (by 20 per cent) by the electrification of the pumping plant, Govt consider that an amount equal to the reduction in the maintenance charges should be set apart annually from the funds at the disposal of the Municipal Council or from a loan to be advanced by the Govt on condition of its

I enclose an abstract of the proposals

Rs 50,000

over

SUBJECT

being repayable in 5
instalments of Rs 10,000 each with interest at 4 per cent
per annum. As the matter is urgent
I am directed to request
you to be so good as to place
the matter before the Board
at a Special
meeting and communicate
their views thereon as
early
as practicable. Probably Loan from Municipal
balances and
Loan by a bank
would appear most suitable

2. At present the Cantonment
has only one steam plant
pumping 800,000 gallons
of water daily, & the
annual cost of maintenance
working is about Rs 26,000 &c.
List of enclosures
Checking the cost of distribution
which need not be considered
here as it will amount to the
same for electric and other plant
The electrical plant to be
installed will be capable
of pumping 1½ million gallons
daily. The cost of working
& maintenance with 4 per cent

for electric power supplied by the Electric Department will be as under :-

	From Power	Station	Total
Delivery 800000 gallons a day	₹ 17000	+ 3360 =	₹ 20360
" 1000000	₹ 19000	+ 3360 =	₹ 22360
" 1500000	₹ 28500	+ 3360 =	₹ 31860

These schemes will give the Mysore city not only an assured supply of water throughout the year but also reduce the annual working charges by nearly 20% as already stated. When the consumption increases as it is sure to do in the course of time additional capital outlay will be obviated, the Municipality continuing to pay the ₹ 5000 for sinking fund renewals as ordered in Ho 1369-73 dt 11 Aug 1906. dl 478-05

Mysore

To

C.S.Balasundaram Iyer Esquire, B.A

Secretary to the Govt of Mysore,
Rev & Gen. Depts.

Sir,

In acknowledging the receipt of your letter No 8160 /M1 421-07-1 dated 17th instant requesting to communicate the views of the Board in re the amount required Viz Rs.50,000 for the electrifi-cation of the pumping plants at [illegible] to be met from funds at the disposal of the Municipal Council or from a loan to be advanced by Government at 4 per cent per annum repayable by 5 yearly instalments &c , I have the honor to submit herewith a copy of the resolution of the Board on the subject and to state that I strongly support the proposal of the Board considering the present state of Municipal finance which is by no means flourishing.

I have the honor to be,
sir,
your most obedient servant,

G Hanumantha Rao

I Letter No 8160/M1 407-07-1 dated 17th instant from the Secretary to the Government of Mysore in the General and Revenue Departments requesting to communicate the views of the Board in re the amount required Viz.Rs.50,000 for the electrification of the running plants to be met from funds at the disposal of the Municipal Council or from loan to be advanced by Government on certain conditions.

Resolved that the Government be informed that the Municipal Council are willing to bear the costs of the electrification and that as their balances do not permit of the whole amount Viz Rs 50,000 being made available, only half the total cost Viz. Rs.25,000 will be made available, the other half being kindly granted by Government as a loan without any interest, the present condition of the finances

electrification, that the balance of the work does not permit of the whole amount very Rs 50,000/- being made available, & that only Rs 25,000/- could be made available out of it and requesting that the balance of Rs 25,000/- may be granted as a loan without any interest repayable in four equal annual instalments

Order thereon No 31454-b 25-3-08
Mund. 421-07-3

In submitting three alternatives estimated for Rs 1,27,435, Rs 1,21,855 and Rs 85,000 respectively for electrifying the pumping plant at the Belagola Water Works, the Chief Engineer has recommended the adoption of the estimate for Rs 85,000. This estimate of this a sum of Rs 35,000 provided for bringing the power

G.R.S 27]

GENERAL AND REVENUE SECRETARIAT

(Continuation Sheet draft form.)

for 50000 Rs

has been prepared by the present and execution of the work [illegible] supply the requirements now per- in pumping water to the Nagpur City during the hot weather. The cost of the project is

up to the pumping Station has been struck out as provision for this has been included in the estimate of the Bowen Power Scheme. The Estimate for the electrification of the pumping plants amounts therefore to only Rs 50000 which the City is able to the Nagpur City Municipal Funds, and the Municipal Council has agreed to invest it. The Municipal Council proposes to provide Rs 25000 out of its balance and to borrow the remaining Rs 25000 by a loan from Govt, repayable in 5 yearly instalments without any interest.

The Govt are pleased to sanction the loan of Rs 25000 applied for but they do not think it desirable to exempt

the Municipality Comm
to pay interest
thereon the loan
bear interest at 4%
per annum and ~~it~~ should
be repaid in 5 equal
instalments

The balance of Rs 25,000
required for the Scheme
in question will be met
from the closing balance
of the Income of Municipality, the amount being
~~and is~~ treated as an
additional grant to
the current year's budget
~~grant~~ of that Municipality

For the past few years
Negombo has been perpetually
on the brink of a water
famine, a state of things
that has been tolerated
for too long. The ~~Govt~~ ~~trust~~ Chief Engineer will make
trust that arrangements
will be made by him
delay for ~~the~~ ~~water~~
~~supply~~ and carrying out
the work as soon as the
~~Municipality~~ orders
Plan is received

Sanction for the loan will be accorded on
Prudent & Good
